## Adding Money to your child's account

The district utilizes a program called MySchoolBucks in which you can monitor your child's account and add money if you wish. By utilizing this program, your child will never have to worry about their account balance. You can also send a check to the district food service office or the school cafeteria at any time to apply money to your child's account. For help with opening an account please call MySchoolBucks for assistance at 1-855-832-5226. <https://www.myschoolbucks.com>
